TAKE HOME FINE AUDUBON CHINA AT A NEW LOW PRICE

These plates bring to ceramic art for the first time four brilliant images by John James Audubon in a limited edition. Each image has been created directly from Audubon's original hand-colored lithographs and their vibrant, hand-applied color truly sets them apart from all other ceramic issues. Each has been created from a screened image, utilizing a process basically identical to silk-screening.

Only 2500 of each plate were ever produced and each is individually numbered. Measuring 10½ inches in diameter, including a 22 kt. gold rim each comes with a personally numbered Certification of Authenticity. The images were selected from Audubon's Birds of America and Quadrupeds of North America and a reprint of Audubon's original descriptive text as it was first issued in the 1840's is included.

Originally $90 per plate, this beautiful china can now be yours to use, display, and treasure for a $50 savings! As a special guarantee, you can keep them to enjoy in your home for up to 2 full months and return for a full refund if not completely satisfied.
